

FESTIVAL OF EUROPEAN STUDENT ANIMATION, BELGRADE, 26–27. AUGUST 2017

Belgrade, August 1st 2017

SELECTION COMMITTEE REPORT  
of the Festival of European Student Animation FESA 2017

To this year's festival a record number of 109 student animated films arrived from 14 European countries: France (22), Switzerland (16), Hungary (13), Israel (12), Croatia (10), Portugal (8), Danmark (7), Slovenia (6), Serbia (5), Italy (4), Spain (3), Greece (2), and from Belgia (1). One film was realized as a co-production of the schools from Italy and Estonia. From Serbia arrived 5 films, and one was selected for the competition program.

The three-member selection committee was composed by: Boban Savić, illustrator and SFX Art Director; Mihajlo Dragaš, author of awarded animated films and Igor Kekeljević, DA, author of animated films and professor in Novi Sad. In the end of July 2017 they examined all the films arrived and by voting selected 28 films which will compete for awards within two main festival programs in duration of 86 and 88 minutes. Eighty-one films did not pass the selection.

This year on this festival Israel participated for the first time: although geographically not located in Europe, this country for the long time has participated in the major European manifestations such as *Eurovision Song Contest* (since 1973). This year a famous animation school Bezalel from Jerusalem responded to our invitation.

Due to the excellent quality of films, as in the last FESA, two more informative programs will be presented, with 30 films in the duration of 178 minutes (88 +90). Within three special programs, on this year's festival 96 films in total will be screened.

Here is the list of the films (author, title, school, country, duration, year, category) arranged into four programs:
